- Real Estate Principles Mar 22 2020
- [Real Estate Principles](#) Apr 27 2023 "The study and practice of real estate draws on a multitude of disciplines including architecture, urban and regional planning, building construction, urban economics, law, and finance. This diversity of perspectives presents a challenge to the instructor of a real estate principles course on their backgrounds and training and on the interests of the students, some instructors may choose to emphasize the legal concepts that define and limit the potential value of real estate. Other instructors may focus more on licensing and brokerage issues (popular topics with many students) or on the investment decision-making process"--

Principles of Real Estate Practice Nov 29 2020 Principles of Real Estate Practice is a modern learning tool for
the student preparing to enter the real estate business as a licensed professional. The textbook contains
essentials of real estate principles, law, and practices taught in real estate schools and colleges across
the country, including all those fundamentals that real estate educators, practicing professionals, national
services, and state licensing officials agree are necessary for basic competence. Principles of Real Estate
Practice covers the national requirements for the initial 30-90+ hours of classroom study, or its equivalent, for
state license laws across the country. It has nearly 500 practice questions to test mastery of the content.
Principles of Real Estate Practice is tailored to the needs of the pre-license student. Its examples and
exercises are grounded in the authors' fifty combined years in real estate education. The textbook is designed to
be easy for students to learn the material and pass their real estate exam prepare students for numerous
real estate applications stress practical, rather than theoretical, skills and knowledge. Table of Contents The Real
