*Secret Societies* Dec 23 2022 We humans are obsessed with secrecy. Exclusive organizations, in which the inner workings are concealed from non-members, or the members list is kept under lock and key, are nothing new. Since civilized society began humans have been intrigued by confidentiality, and have either belonged to a secretive

group or organization or, from the other side, tried to rip open these clandestine clubs. People always want to be told a secret and be part of something exclusive. In the same way, if a person finds out that they have been kept in the dark, or if a person is excluded from joining a certain group, feelings of jealousy, anger and resentment often arise - it is hard not to want to be part of the 'in-crowd'.

*Secret Societies* Nov 10 2021 An overview of how esoteric brotherhoods have shaped history • Examines the secret chronology and clandestine causes of seminal world events • Shows how secret societies feed into one another, and how they have worked together For thousands of years secret societies--guardians of ancient esoteric wisdom--have exercised a strong and often crucial influence on the destiny of nations. Though largely ignored by orthodox historians, the Freemasons, Knights Templar, and Rosicrucians affected the course of the French and American Revolutions as well as the overthrow of the medieval feudal order. Inevitably, the true ideals and esoteric practices of these societies have, at times, been perverted by self-serving individuals. The Nazis and the Bolsheviks, British security forces, the founding fathers of America, and the Vatican have all justified their actions--for good or for ill--by claiming the mystic ideals of secret societies. Michael Howard explores these connections, tracing their effects in politics and statecraft from the time of ancient Egypt up to the present. He sheds light on the influence of secret societies on governments and in the lives of many well-known figures, including Frederick the Great, John Dee, Francis Bacon, Benjamin Franklin, Comte de Cagliostro, Helena Blavatsky, Rasputin, and Woodrow Wilson. He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret

societies have been persecuted throughout history, they have survived and continue to operate powerfully in world affairs today.

**Sinister Forces—The Nine** Apr 22 2020 The roots of coincidence and conspiracy in American politics, crime, and culture are examined in this book, exposing new connections between religion, political conspiracy, and occultism. Not a work of speculative history, this exposé is founded on primary source material and historical documents. Fascinating

details are revealed, including the bizarre world of "wandering bishops" who appear throughout the Kennedy assassinations; a CIA mind control program run amok in the United States and Canada; a famous American spiritual leader who had ties to Lee Harvey Oswald in the weeks and months leading up to the assassination of President Kennedy; and the "Manson secret."

**Secret Societies: a Sinister Agenda Exposed** Apr 27 2023  
History is replete with whispers of secret societies. Accounts of elders or priests who guarded the forbidden knowledge of ancient peoples. Prominent men, meeting in secret, who directed the course of civilization are recorded in the writings of all people. The oldest is the Brotherhood of the Snake, also called the Brotherhood of the Dragon, and it still exists under many different names. It is clear that religion has always played a significant role in the course of these organizations. Communication with a higher source, often divine, is a familiar claim in all but a few. The secrets of these groups are thought to be so profound that only a chosen, well-educated few are able to understand and use them. These men use their special knowledge for the benefit of all mankind. At least that is what they claim. How are we to know, since their knowledge and actions have been secret? Fortunately, some of it has become public knowledge. Most, if not all, primitive tribal societies all of the adults are members. They are usually

separated into male and female groups. The male usually dominates the culture. Surprisingly, this exactly resembles many civilized secret societies. This can only mean that the society is working not against established authority, but for it. In fact, could be said to actually be the established authority. This would tend to remove the validity of any argument that all secret associations are dedicated to the "destruction of properly constituted authority." This can only apply, of course, where the secret society makes up the majority or entirety of any people which it affects. Only a very few fall into this category. Secret societies mirror many facets of ordinary life. There is always an exclusivity of membership, with the resultant importance attached to being or becoming a member. This is found in all human endeavors, even those which are not secret, such as football teams or country clubs. This exclusivity of membership is actually one of the secret societies' most powerful weapons. There is the use of signs, passwords and other tools. These have always performed valuable functions in man's organizations everywhere. The stated reason, however, is almost always different from the real reason.

**Society Builders** Aug 27 2020 A story of love and consequence in the year 2052. A terrifying thriller based on today's headlines and society's growing addiction to technology. Some are calling Society Builders a glimpse into the future. Audio version read by the extremely talented Troy Wood! The decades leading up to the year 2052 could be summed up as dramatic. Foretold issues have come to pass, causing the foundation of society to profoundly change. But in the last fifteen years, nothing has had more of an influence on civilization than technology. The creation of computer-organic-hardware has revolutionized the world like nothing before it. The impact has reshaped beliefs, cultures, religions, and the way everyday life is lived.

Jason is an old-fashioned guy living in a "progressive" day that has little time for him or his friends. Bothered by the decaying conditions of the city he lives in, disturbed over the policies of an intrusive government, saddened by a species losing its identity to technology, and convinced that devious minds are to blame for everything, Jason opts to make a difference. But soon after a relationship begins to deepen with a co-worker who's immersed in the technology he loathes; does he start to question his own identity and desires. It's not until a mysterious man enters the fold with an ultimatum that will forever change him and the world he knows, that Jason remembers his original but secret intent. "If you found my blurb a little vague, that was done purposely. Sometimes the most entertaining books are the ones that surprise you. However, I don't want you purchasing a book you won't be pleased to have in your library. So, here's a few extra words about Society Builders. The research to create this novel was gathered over several years. During that time I wasn't considering any of it for this story. The information came from business articles, technology interviews with the 'who's who' of their respected fields, documentaries, and some of my own formulating ideas. I used it all to generate a vision of a future that 'could be' but not necessarily due to the entertainment factor: the fictional part of the story which is created solely for entertainment. My goal is always to accomplish that first. Entertainment is always at the forefront of what I write. After all, it's what I expect from the books I read, everything else is superfluous. The novel explores society's growing addiction to the internet, social media, and of course, the smartphone, which I consider the bridge to everything else. Today's norms and issues are all accelerated thirty years into the future. I felt putting a story together with a protagonist who transforms while going through a modern society he's not

particularly fond of would be a little controversial yet engaging. Because I feel that's reality, we often view things contrarily during different stages of our lives, and sometimes our views and ultimately who we are change when something profound affects us personally. As for the main plot, there has always been speculation and conspiracy theories of a globalist ruling elite. I propose the questions, if they do exist, what are their plans? Are they seeking out everyone's best interest, or only that of their own? What do they know that we don't? And should we be afraid? I think this story will stay with you for a very long time. As the years go by, you may look back and remember it every time the world advances to the next parallel. Now read up, I think you'll enjoy the fast pace of the story!" - Anthony Puyo

Book Excerpt: een completely wrong in their prognostications at the beginning of the Great War, they are still regarded as oracles and sometimes even described as "thinking for half Europe." Another instance of this kind may be cited in the case of Mr. John Spargo, author of a small book entitled *The Jew and American Ideals*. On page 37 of this work Mr. Spargo in refuting the accusations brought against the Jews observes: Belief in widespread conspiracies directed against individuals or the state is probably the commonest form assumed by the human mind when it loses its balance and its sense of proportion. Yet on page 6 Mr. Spargo declares that when visiting this country in September and October 1920: I found in England great nation-wide organizations, obviously well financed, devoted to the sinister purpose of creating anti-Jewish feeling and sentiment. I found special articles in influential newspapers devoted to the same evil purpose. I found at at least one journal, obviously well fi

Beyond the Pale Horse: the Strange Case of Milton William Cooper Sep 08 2021 In "Beyond the Pale Horse: The Strange Case of Milton William Cooper," legendary conspiracy publisher Gray Barker continues his "Strange Case" series by looking at one of the most controversial conspiracy theorists of all time: William Cooper. "Operation Majority" 2. "The Secret Government: MJ-12" 3. "The New Man" 4. "Following the Money" 5. "Alternative This, Alternative That" 6. "Majesty 12" 7. *Bend Sinister* Apr 03 2021 The first novel Nabokov wrote while living in America and the most overtly political novel he ever wrote, *Bend Sinister* is a modern classic. While it is filled with veiled puns and characteristically delightful wordplay, it is, first and foremost, a haunting and compelling narrative about a civilized man caught in the tyranny of a police state. It is first and foremost a compelling narrative about a civilized man and his child caught up in the tyranny of a police state. Professor Adam Krug, the country's foremost philosopher, offers the only hope of resistance to Paduk, dictator and leader of the Party of the Average Man. In a folly of bureaucratic bungling and ineptitude, the government attempts to co-opt Krug's support in order to validate the new regime.

**Pale Horse Rider** Jan 12 2022 We are living in a time of unprecedented distrust in America... Faith in the government is at an all-time low, and political groups on both sides of the aisle are able to tout preposterous conspiracy theories as gospel, without much opposition. "Fake news" is the order of the day. This book is about a man to whom all of it points, the greatest conspiracist of this generation and a man you may not have heard of. A former U.S. naval intelligence worker,

Milton William Cooper published his manifesto *Behold a Pale Horse* in 1991. Since then it has gone on to sell hundreds of thousands of copies, becoming the number-one bestseller in the American prison system. According to *Behold a Pale Horse*, JFK was assassinated—because he was about to reveal that extraterrestrials were about to take over the earth—by his driver, an alien himself; AIDS is a government conspiracy to decrease the population of blacks, Hispanics, and homosexuals; and the Illuminati are secretly involved with the U.S. government to manage relationships with extraterrestrials. Cooper died in a shootout with Apache County police in 2001, one month after September 11, in the year in which he had predicted catastrophe. In *Pale Horse Rider*, journalist Mark Jacobson not only tells the story of Cooper's fascinating life but also provides the social and political context for American paranoia. Indeed, with the present NSA situation and countless other shadowy government dealings often in the news, aren't we right to suspect that things may not be as they seem?

Ritual America Jul 18 2022 "Adam Parfrey is one of the nation's most provocative publishers."—Seattle Weekly "Secret society historian Craig Heimbichner follows the Middle Path to wisdom. He works the graveyard shift in the secret lodge."—Joan d'Arc, Paranoia magazine Secret societies—now a staple of bestseller novels—are pictured as sinister cults that use hooded albinos to menace truth-seekers. Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy, and later, its very existence. On the other side of the aisle, books by high-ranked Freemasons—skeptical in tone but no less partisan in approach—protect their organization's public image by denying the existence of its most contentious ideas. *Ritual America* reveals the biggest secret of them all: that the influence of

fraternal brotherhoods on this country is vast, fundamental, and hidden in plain view. In the early twentieth century, as many as one-third of America belonged to a secret society. And though fezzes and tiny car parades are almost a thing of the past, the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance has become faintly unnecessary. The authors of *Ritual America* contextualize hundreds of rare and many never-before printed images with entertaining and far-reaching commentary, making an esoteric subject provocative, exciting, and approachable. Adam Parfrey is the author of *Cult Rapture: Revelations of the Apocalyptic Mind* and *It's a Man's World: Men's Adventure Magazines, the Postwar Pulps*. He is editor of the influential *Apocalypse Culture* series *Love, Sex, Fear Death: The Inside Story of the Process Church of the Final Judgment*. Craig Heimbichner has recently appeared on a National Geographic documentary about the Bohemian Grove, contributed to the Feral House compilation *Secret and Suppressed II*, and wrote about the famous occult order the O.T.O. in *Blood and Altar*.

Secret Societies of New York Jan 24 2023 In a place like NYC, with 8 million people swarming around on a ten-mile island - what better place could there be for clandestine occult happenings? In New York I always feel amazed at how many parallel realities and uses of the city as an "arena" are simultaneously happening at once. The guy biking past you might be a weed messenger, the guy sitting on a bench might be an undercover cop, the dude standing right next to you on the train could be on his way to a nudist convention, and the guy at the coffee shop could be a member of a cult or secret society. No matter what their supposed purpose, there's something inherently sinister about a secret society. Though most are formed with relatively realistic political and religious goals in mind, their focus on secrecy has made them the target of countless criticisms and theories involving world domination. Of course, the reality is usually much more innocuous, but that doesn't mean that the groups haven't had an impact on world events. Many of these groups kept secrets. They had secret initiation rituals, locked doors, and strict rules against divulging what happened within the confines of the club. With this in mind, I have compiled the most famous and influential secret societies of New York into this book.

**Notorious Secret Societies** Jun 17 2022 Want to learn the secrets of secret societies? Have you or a family member been trapped in a secret society? Are secret societies really dangerous or just a group of like-minded people trying to accomplish something important for the betterment of the world? In this book, Notorious Secret Societies, you'll everything you want and need to know! Things aren't always what they seem to be. Looks can be deceiving and just because you don't see something doesn't mean it doesn't exist. Take for example the air we breathe. It's not something that we can see but many people all over the world are killed by it. Because they don't see it, they unknowingly breathe it and fall victim to its poisonous power. Secrecy can be a lethal weapon! And so it is with

**The Element Encyclopedia of Secret Societies and Hidden History** Nov 22 2022 Behind the ordinary history of the world lies a second, hidden story - of secret societies, lost civilizations, sinister conspiracies, and mysterious events. Alternative visions of history have been around for nearly fifty years and popular culture has rapidly fed into this growing obsession. Here you'll find the facts, arguments, important figures, and theories surrounding key questions being asked by many today: do secret societies actually control the world and, if so, what do they plan to do with it? What were the real origins of Christianity, the Freemasons, or the French Revolution? What is the significance of King Arthur, Leonardo da Vinci and Adlof Hitler to the world's secret societies?

Secret Societies Mar 14 2022 With his recent best-selling books and hundreds of articles, as well as radio and TV appearances, Philip Gardiner has started a crusade for uncovering the truth, and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies. Yet again, Gardiner finds himself on a

journey across the world to uncover the ancient secrets of the world's most powerful men. In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole. Gardiner, however, survives this incredible journey and brings us the secrets of the Order held sacred for so long. Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code. Throughout *Secret Societies*, Gardiner: -Uncovers an ancient secret society thought to have died out many years ago. -Gets to the core of the secret societies' belief systems. -Explores the secret origins of Freemasonry and the links to secret Serpent Cults. -Investigates the secret hidden meaning of King Arthur and Robin Hood. -Examines the claimants to the name of Illuminati, and analyzes the history of the group in Europe and America. -Reveals the secret links within the Vatican and the Nazi Party. -Looks in-depth at the white-powdered gold theory supposedly kept secret by orders throughout time and radically re-appraises it. -Shows the link between the so-called enlightenment experience and the control of our minds. Nobody in the genre involves themselves in the tale in the same way that Gardiner does, and here he shows that the search for ultimate truth can often be a terrifying one.

*Wall Street West* Jun 24 2020 The economic Day of Reckoning will arrive like a thief in the night. Who among us will be ready for this earth-shattering event? Volume II of the Age of Awakening Trilogy sets the stage for the ultimate confrontation. By 2024, Federal Reserve Chairman, King James, and a group of global ultra-wealthy billionaire secret societies had solidified their grip on the global economy. Their next move was to capture the White House and to bring about the total manifestation of plutocracy in America. With the Federal Reserve System (the Fed) under their control and the Wall Street Wizards rigging and manipulating the activities in the financial markets, the ultra-wealthy elites began making preparations to initiate the greatest transference of wealth in human history. For sixteen years, money printing, successive rounds of quantitative easing (QE), tax cuts for the wealthy, and trillions of dollars of asset purchases by the Fed had sustained the massive debt, credit and asset bubbles in the West. The Day of Reckoning - the final bursting of the colossal global bubbles - is the prelude to a much more sinister agenda. What the secret societies will unveil is their master plan to implement a new modern feudalistic economic system of serfs and peasants, taking their positions as the dominant global overlords. With the massive introduction of robots, artificial intelligence (AI), mind-altering drugs, media brainwashing and other new age technologies, a centralized system of domination will be complete. This is their End Game, a plan conceived and developed centuries ago! ??? The ancients will not be silent. They will bring fire, judgments, redemption and great power! An ancient African Kemetic priesthood, Father Destiny and The Gathering, vowed 7,000 years ago at Ipet Isut (Karnak Temple) to reincarnate during the African

Spiritual Age of Darkness to combat the forces of evil and disorder. Their mission is to break the spell of the global Matrix Vortex of falsehoods, ignorance and economic injustices. **Surviving Evil in a Depraved Society** May 24 2020 In the early morning hours of December 31, 2010, Dr. Cornelius H. Evans and his wife received a terrible phone call: their son, Bryant, had been shot and killed. The agonizing days that followed brought Evans face-to-face with the realization that evil had touched his family's life, sending him on a quest to try to understand the role evil plays in our world. Deeply emotional and heartfelt, *Surviving Evil in a Depraved Society* offers insight into how Evans dealt with the loss of his son by analyzing the root of violence in America—evil. He examines various theories on evil and its origin, its effects on mankind, and how, according to the Christian belief, evil will remain a part of our society until Christ returns. Evans also challenges ideologies, philosophical beliefs, and theologies on whether one can avoid evil elements. He demonstrates that we can be on our guard against inviting evil into our lives by spiritually guarding ourselves and raising our children with a strong moral foundation. An eye-opening look at the face of evil, *Surviving Evil in a Depraved Society* offers hope for living in today's world.
